

Good morning,

The summer season is coming to a close and the kids are headed back to school, but the pool will remain open. Remember that our pool stays open year-round! We do not close after the summer swim season as some local pools do. There is still plenty of heat left in the forecast.

The City of San Antonio has contacted the board with the following notice.

There will be a meeting to present proposed improvements to the Dreamwood Bridge Project. Design plans and exhibits will be available and City Staff will be on hand to answer any question regarding the proposed improvements.

Wednesday, September 3rd - 6:00PM - 7:00pm

King of King Lutheran Church

Please mark you calendar to have your voice and opinion heard for our neighborhood!

I have attached a flyer to this email with further details. There will also be copies in the "info box" on the pool entrance gate. Please help spread the word so that we have a strong showing.

The marquee sign will also be updated with meeting details.

August has been a busy month for pool parties! There are several more on the calendar for what's left in the month. We have a sign that is posted on the front gate with notice of pool closing time if there is a private party scheduled. So be on the lookout.

If you are interested in having a daytime or private party at the pool please contact audreymunizwhoa@gmail.com for more information.

Please continue to sign-in upon entering the pool grounds. Our wonderful teen pool attendants will be going back to school which means attendants will be on-duty weekends only starting the first weekend in September! They did an outstanding job this summer!

Again, please sign-in and remember to PAY for any guests. (\$3.00 per guest) Envelopes for guest fees will be in the side pocket of the sign-in binder. Complete the info on the envelope and place it in the dropbox hanging near the office door. We expect everyone to be fair and honest in paying the fees. These fees help defer the cost of chemicals.

For the safety of our members, the pool policies and rules will still be enforced. If you need a copy please reply to this email with a request or ask a pool attendant for a copy.

Upcoming event: Labor Day BBQ - details to be announced soon....

Regards,

The 2014 WHOA Board of Directors
