

## WE WANT YOU! 📣

### **We are actively looking for residents who are interested in being on the 2015 WHOA Board of Directors!**

If you are on the receiving end of this email, you are either a member of HOA, have a pool membership or have expressed interest in your community.

It's been stated in several previous newsletters/emails that the Woodstone/Larkspur Neighborhood is one of the few established area neighborhoods who have a swimming pool, and athletic courts for residents to enjoy. **Our** HOA is a non-mandatory association, so it takes a group of dedicated volunteers to manage and oversee these neighborhood assets.

If you are an HOA member, then you have contributed to the upkeep of the neighborhood entrances, marquee sign and the maintenance of the basketball and tennis court area, etc. Many of you have also been rewarded and praised by our neighborhood beautification committee for the charm of a well-groomed yard. (i.e. Yard-of-the-month)

In addition to being an HOA member, many of you also have a pool membership. Our pool, may not be the newest on the block, but is enjoyed by many and is definitely a benefit to our established neighborhood. The additional fees paid to have a pool membership is utilized for the preservation, repairs and chemicals budget. The pool is a gem and a relief and respite to the summertime heat. Our marvelous pool is open year-round, and does not close after the busy summer months.

The HOA is more than just a pool. This year's board completed many neighborhood projects, attended meetings alongside our District 10 Councilman, made gains in communicating with neighbors/members, and a handful of other highlights.

#### Why should you be on the board?

The most practical answer to this is that a quorum is required to get anything done. Anytime a board decision needs to be made about budgets, financials, a call for meetings, important business decisions, or anything to do with the bylaws, a quorum is required. But a more warm fuzzy reason to be on the board is to make a difference in the Association by representing the needs and wants of your community.

- Understanding of our community and its needs
- Passion for our cause

- Willingness to help
- Team player - works well in a group

There are also committee-positions to consider: beautification, membership, events coordinator, graffiti removal chairman, citizens-on-patrol chairman, and many more. We recently had the marquee coordinator and the website administrator volunteer positions filled. Thank you Diana! Thank you Rich!

If you are a homeowner or renter with a vested interest in the place you call home, please consider joining the WHOA Board of Directors. Fresh members bring fresh ideas and perspectives along with renewed energy. There are also benefits to being a board member or committee member. Please inquire for those benefit details...
