

# Woodstone / Larkspur December 2015 Newsletter

Greetings Neighbors!

The WHOA is seeking new Board of Directors for 2016! The new board terms will commence February 2016. To be effective, an association needs a strong board that understand its role and pursues it with a mission in mind. (The betterment of the neighborhood and its assets.)

## **December News:**

Yard of the Month Contest will continue this month with a Christmas Lighting Contest. If you would like to be entered, please submit your address. You may also submit an address for your festive neighbor! We ask that the house address be visible from the street. (last day to enter Dec 20th)

Parking in the wrong direction on the street is a traffic violation. The police can write a ticket for those in violation. Tickets were given earlier this month in the Larkspur / Woodstone Subdivisions for said violations. Beware.

Unfortunately, there have been thieves following the UPS/FedEx trucks in our neighborhoods. I am sure we have all seen news coverage from around town, but just this past Friday we had an occurrences in our own community. Please watch out for your neighbors! Be aware of unfamiliar cars in driveways, occupied cars idling near alleyways or ditches, etc. Get license plates numbers if possible for any suspicious vehicles, it just may help locate thieves (and stolen belongings) in the long run. We strongly encourage you to file a report with the police department if you should have any property stolen, including yard decorations. The WHOA has a good relationship with our local SAFFE officer and would encourage you to also report any incidents to the association. We can in-turn follow up to help further boost communication and help find resolution.

Have you seen the new Senior Center? If you are 60 or older, be sure to stop by and enjoy all the amenities offered. Located at the corner of Scarsdale and Thousand Oaks.
